FOREWORD

One of the most useful, almost indispensible books for the office, manufactory, shop, railroad stations, steamboat lines and last but not least the household and business world, is the Directory, without it, much valuable time is lost, to say nothing of the loss of one's patience looking for a name, a number, the location of some street or society, or for any other of the items which, with the aid of a Directory can be found at a moment's notice.

In this issue of the NEW BEDFORD Directory our canvass has been thorough and painstaking, although the correctness of our information, rests largely with the people, who sometimes under-estimate the importance of the items asked for and occasionally refuse them entirely. We believe this book will be found as accurate as care and skill, under the given conditions, can make it.

The patronage of the public for our advertisers, who represent the pluck and energy of the business men of the city is solicited. You will find them always willing and anxious to accommodate you to the best of their ability.

Trusting the citizens in general will co-operate with us in our future efforts to furnish a book full of useful information, we remain

Respectfully,

W. A. Greenough & Co.

BUTTONWOOD PARK. End Court.

CANNONVILLE. A portion of the westerly part of the city in the neighborhood of the meeting-house on the Smith's Mills road is known by this name

CLARK'S POINT. This point forms the southerly part of the city. It has the waters of the Acushnet River on the east, and of Clark's Cove on the west. Its length is about two miles. At its southerly extremity on the river side is a large tract of land belonging to the United States at the extremity of the point is Fort Rodman. Around this point, a distance of about four miles, is a road not surpassed by any public drive in this country. It is called East and West French avenues, commencing at Cove street and follows the shore thence along the western, southern and eastern boundaries of the point, until it terminates in the street where it has its beginning. It is eighty feet wide, smooth and level, and in its course commands a series of views of surpassing loveliness and beauty. The cove, the bay, the river, the shores, the islands, and ledges, the lighthouses, steamers and sailing craft of every description, the city on the one side, its sister town of Fairhaven on the other and the noble bridge between, constitute a series of views which render a ride or a walk over this road most delightful and attractive. The City Farm and Almshouse is located on Clark's Point.

CLIFFORD A settlement with a post office of the same name about three miles north of Acushnet.

DOGFISH BAR. The collection of houses near the foot of Coggeshall street is often called by this name, which designates a shoal in the river near by. A bridge crosses the river at this place for Fairhaven.
